## California White Wines

### **Chardonnay**

This premier California varietal grape yields a full bodied moderately acidic dry austere wine. Flavors can be described as buttery, creamy, nutty and smoky. Excellent with fruit and cheese.

### **Chenin Blanc**

Produces a fresh, fruity, dry to sweet wine. Makes a well balanced wine with delicate floral characteristics with a hint of melon. Popular as a cocktail wine.

### **Viognier**

Produces a wine with a bright color and a rich texture. Tasters often refer to peaches and apricots when describing this wine . Viognier, a hedonistic, aromatic wine should be consumed in its youth..

### **Pinot Grigio**

Excellent Italian style white wine.

### **Riesling**

A classic German grape variety. Has the potential to make a wine with tremendous flavors. Light in body and low in alcohol yet intensely flavored with a zesty bouquet.

### **Sauvignon Blanc**

A grape producing white table wines ranging from sweet to dry. When considered “dry” it is excellent with seafood or poultry. When considered “sweet” it is a great sipping wine when chilled. Sometimes the Fume name will appear before or after the Blanc, which brings a drier, grassy or smoky taste.

### **Muscat**

Produces outstanding sweet dessert white wines. Forms the basis for Asti Spumante and other Italian sparkling wines. Persistent, perfume, musk and ripe grape characteristics.
